

Do you want to get rid of your health problems,  
to be HEALTHY, feel FRESH and full of ENERGY?

## BE HEALTHY WITH HOMEOPATHY!

- It is a natural way of treatment restoring balance and harmony in the body
- Homeopathy understands the person as a whole; it looks for and heals the true cause of a disease
- It does not promise miracles, but offers help in cases, where conventional medicine fails
- It respects that each of us needs individual treatment
- It is gentle - no use of chemical drugs, no undue burden on the body
- It helps to start the natural healing process
- It has lasting results
- It is suitable for pregnant women, nursing mothers, small children, and even for pets
- Currently it is the second most common type of treatment in the world (source: World Health Organization)

# Homeopathic Centre in Harmony

Petra Grabačová

I have been working with homeopathy since 2007. I appreciate it especially because of its **overall approach to a human being** and its kind view of the world and its rules.

I passed a **four-year study of Classical Homeopathy for professional practice** at Homeopathic Faculty with Clinic in Brno.

I received education also in **medical biochemistry and medicine**, so I can look at the treatment from different angles. Scientific and alternative approach to healing, in my opinion, may perfectly complement one another. Each of them has its own scope of activity and mutual cooperation is ideal.

## Homeopathy successfully treats:

- chronic diseases of all kinds (allergies, asthma, eczema, headaches, metabolic disorders...)
- gynaecological problems, infertility, menopausal problems
- problems in pregnancy, after childbirth, with breast-feeding
- weakened immunity, total body exhaustion, chronic fatigue
- conditions after injuries
- problems with weight in adults and children
- psychological and emotional problems of various origins
- depressions, anxiety, phobias, fears, jitters, tics
- nocturnal enuresis in children
- sleep disturbances, nightmares
- adaptation problems (boarding kindergarten, school, moving, changing job...)
- quitting different types of addictions and much more

### Price list

Entry examination: CZK 1 100

Control: 30 min - CZK 400; 60 min - CZK 600; 90 min - CZK 800
